Fun Facts

- The German name for Austria is Österreich, which means “Eastern Empire,” referring to the time when Austria was a part of the Holy Roman Empire
- Austria is the only continental European Union country that is not a member of N.A.T.O.
- About one-fourth of the population of Austria lives in Vienna

A small Alpine jewel lying at the heart of the European Continent, Austria welcomes visitors with vistas of evergreen forests, magnificent mountains, sparkling lakes, quaint villages, popular summer and winter resorts, magnificent castles, and grandiose palaces and cathedrals.

With a population of 8.7 million and a territory of 32,000 square miles, it covers part of the eastern Alps and the Danube region. The country’s few cities have preserved their centuries-old charm and the threads of European history running through their cobbled lanes and graceful boulevards. Vienna, for more than 600 years the capital of a mighty empire stretching from the Netherlands into Eastern Europe and the Mediterranean, has attracted and inspired countless brilliant citizens through the ages. Famous scholars, architects, scientists, painters, and composers have left their imprint on this city, which like no other blends the best of the past with all the benefits of the modern age. Its beautiful concert halls still resound with some of the world’s best classical music by Mozart, Haydn, Schubert, and members of the Strauss dynasty. The Vienna Boys Choir and the Spanish Riding School continue to draw crowds. While the Burgtheater ranks as Europe’s leading German-speaking playhouse, violins and accordions create a nostalgic atmosphere in cozy wine taverns in the Vienna Woods. Tyrolean mountain-folk like it more boisterous. Their colorful brass band folklore shows are not to be missed.

The economy is healthy, and Austria is one of the most affluent European Union countries. Its best-known exports are high-tech machinery, the *Sound of Music* spirit, and... Arnold Schwarzenegger! Austrian lifestyle is generally described as *gemütlich* – literally untranslatable – but closely meaning cozy, agreeable, and comfortable; it’s not a bad philosophy...

TIPPING

For restaurant services a tip is expected. You must ask for the bill in Austrian restaurants, and often it is provided verbally by the server. When providing the amount to pay, include the tip. Rounding up the bill is generally enough tip or leave 10% of the bill if tip is not included. Saying “*danke*” (thank you) means “keep the change,” so always include the tip in the amount to be paid and ask for change back. For a taxi, a tip of 10% is recommended. Tip hotel staff €1 for room service.

ELECTRICITY AND ELECTRICAL OUTLETS

Outlets

Voltage for outlets is 230V. North American voltage is generally 110V. Therefore, you will need a converter for your travels. Adapters will be necessary to adapt your plug into the outlet, but these may not convert the voltage, so both devices are necessary.

Austria uses a round, 2-prong plug that looks like:
